

THE GREEN GOLD TO COUNTERACT CELLULITE AND IMPROVE BODY SILHOUETTE

BERGAMOT, THE UNDISCOVERED MEDITERRANEAN TREASURE

Flavoslim™ is an ECOCERT/COSMOS approved natural ingredient obtained from the Italian bergamot juice. It is standardised in flavonoids (naringin, neoeriocitrin and neohesperidin, 8-10% HPLC), active compounds which are able to activate fat metabolism, improve microcirculation and reduce inflammatory processes cellulite related.

FLAVOSLIM™ is an ingredient suitable to counteract the signs of cellulite and, thanks to its capability to improve skin elasticity and reduce the thickness of the adipose tissue, is a key choice for products specifically aimed at remodeling and firming the body.

INCI NAME: Citrus aurantium bergamia (bergamot) fruit extract, Maltodextrin

COUNTRY OF ORIGIN: Sicily - Italy

PARTICULAR SIGN: Natural Origin Index (ISO 16128):1

Sustainable ingredient from by-product

RECOMMENDED USAGE CONCENTRATIONS

1-2%

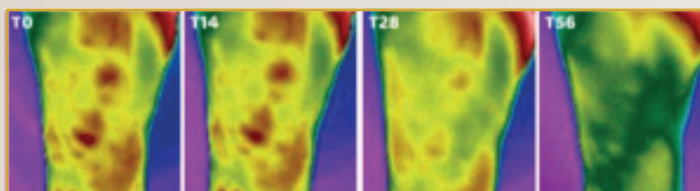

EFFICACY CLINICALLY PROVEN - 8 WEEKS STUDY -

Randomized, double blind and placebo-controlled clinical evaluation

Significant improvement of microcirculation after just 14 days
• +100% vs placebo

• 80% of panelists reported an improvement of skin firmness after 28 days

• 95% of volunteers declared an improvement of skin smoothness after 56 days

Images from infrared thermography. Thighs treated with Flavoslim™. A higher thermal homogeneity means better microcirculation.

EVALUATION OF PARAMETERS RELATED TO THE CELLULITE CONDITION

SUPERFICIAL ADIPOSE TISSUE THICKNESS

Results after 4 weeks vs T0

on thighs: up to **-13%**

on arms: up to **-8.5%**

on gluteus: up to **-11%**

on hips: up to **-10%**

CIRCUMFERENCE MEASUREMENTS

Results on thighs:

after 28 days average reduction of contour by 0.42 cm and up to 1.6 cm

Results on arms:

after 14 days mean reduction of the girth of 0.13 cm and up to 0.6 cm

APPLICATIONS & FORMULATIONS

COSMETIC TREATMENT
OF CELLULITE

REMODELLING AND SLIMMING
PRODUCTS

BODY FIRING
PRODUCTS

WAITING FOR SUMMER LOTION

PHASE	INCI/PCPC	%
A	Aqua/Water	82,77
	Glycerin	2
	Citrus Aurantium Bergamia (bergamot) Fruit Extract, Maltodextrin	2
	Disodium EDTA	0,1
	Heliantus annuus (sunflower) seed wax, sodium polyacrylate	5
B	Dimethicone	1,5
	Pistacia vera (pistachio) seed oil	1,5
	Caprylic/capric Triglyceride	2
	Tocopheryl acetate	0,5
C	Phenoxyethanol, Caprylyl Glycol, Potassium Sorbate, Water, Hexylene Glycol	1
D	Polysorbate 20	1
	Rosmarinus officinalis (rosemary) flower oil	0,03
	Parfum	0,6

ULTRA HD CREAM

PHASE	INCI/PCPC	%
A	Aqua/Water	69,9
	1,2- Hexanediol and Caprylyl Glycol	0,5
	Etoxydiglycol	1
	disodium EDTA	0,2
	Propylene glycol	5
B	Punica granatum(pomegranate) seed oil	1,5
	Pistacia vera (pistachio) seed oil	2
	EthylHexyl Palmitate	4,5
	Glyceryl stearate	1,5
	Glyceryl Oleate Citrate, Caprylic/Capric Triglyceride	4
	Tocopheryl acetate	0,4
C	Polyacrylamide, C13-14 Isoparaffin, Laureth-7	2
	Hydroxyethyl acrylate/Sodium acryloyldimethyltaurate copolymer and squalane and polysorbate	2
D	Aqua, Menthyl Lactate, PPG-25, Laureth-25, PEG-40 Hydrogenated, Castor Oil	1,5
E	Citrus Aurantium Bergamia (bergamot) Fruit Extract, Maltodextrin	1
	Aqua/Water	3
F	Parfum/Fragrance	qs
